at the Haw horis A. C. Sheriff Killtonipht, was stopped by Sheriff Killgalon before the men came together in
the arena A crowd of about 4,000 people had gathered in the big enclosure
actify in the evening.

The sheriff and a score of deputies
were in the ring when Lon Ereckwith,
of Cleveland, and Jack O'Donnell were
ordered on for the preliminary bout.
The sheriff declared that he would not
permit any contest to take place. John
W Fisher, attorney for the town of
Checktowoga, demanded that the ciub
be given the use of its property and the
bavers were ordered to shake hands.
Hefore a blow could be struck, the depules selzed the boxers and forced them
to their corners and then released them,
once more the boxers were ordered to
get together. O'Donnell rushed at
Breckwith, but the deputies again
grasped with them and for a few minnutes the ring was filled with struggling
seputies, fightens and their seconds and
Breckwith and O'Donnell were again
compelled to take their seats. The
spectators were greatly excited and
roundly denounced the action of the
sheriff, but no open act of violence was
committed. A long and wordy wrangle
between the sheriff and attorney then
occurred and after a long delay, Breckwith and O'Donnell left the ring.

Erne and Lavigne were then introduced "to box under the provisions of
the Horion law," The men were in
their corners, but the sheriff could not
be prevailed upon to permit them to get
together in a friendly sparring match.
Pinally it was announced that the bout
was off. The club officials obtained a
long list of witnesses and declared that
the club would immediately bring an
action against the sheriff or damages.
The crowd then left the building.
The crowd then left the pulling an

### A CHOPPING BLOCK

For Joe Choynski was Joe Goddard, the Australian.

PHILADELPHIA. Sept. 12.—Joe Choynski had all the best of his bout with Joe Goddard to-night at the arena. Goddard was considerably heavier than the Californian, but he lacked in science. Choynski made a chopping block of the Australian and several times it looked as though Goddard would not be able to sny full six rounds. There was but little fighting in the opening round. The men exchanged rights on the face, and Goddard landed a light left on Choynski's chest.

In the second round Choynski landed several hard lefts on Goddard's face, and the second round goddard's face, but the latter could not get in a good blow. The third, fourth and fifth rounds wer repetitions of the second, Choynski doing nearly all the leading and landing almost at will. In the closing round Goddard fought wildly, while Choynski was calm and banged Goddard on the jaw, sending him to his kness. PHILADELPHIA, Sept. 12 - Jos

Chornski landed hard and often, but he could not stop the Australian. When the gong sounded a spectator jumped into the ring and attempted to hit God-dard, but he was quickly thrown from the platform.

Creedon was knocked down by a heavy right hand punch on the faw and in falling he twisted his right ankle. He In falling he twisted his right ankle. He was not knocked out by any means, but the blow received on the Jaw was enough to settle the boxing ampirations of any man. He groped around and tied to regain his feet, while the reference was counting off the seconds, but his ankle was too badly injured for him to stand up straight and he fell again and was counted out. Had this not occurred the fight might have gone on for many rounds. The speciators were satisfied that Dan was not "faking" and left the house after being informed that the doctor who attended the Australian, had found the ankle hadly sprathed.

A large attendance is de-Eighth war... A large attendance is desired, Practice will begin in a few days, and the Ritchles intend giving any of the local teams a tight hustle for grid-iron honors. Among the candidates for the team are many of last year's stars, as follows: Major Hastings, George Hopwood, Joneph Hudson, Nick Garden, Dan O'Connor, Carl White, Sam Hopwood, John Steurnagel, A. West and Charles Alvander. Charles Alexander.

Matters are gradually assuming themselves in shape for the organization of a strong team in this city, and the first meeting will likely be held next Saturday evening. The strongest team possible to cope with outside elevens will be secured, and the promoters expect to receive suitable encouragement from patrons of outdoor sports, for Wheeling should be represented on the gridiron by a fast team this year, since last year's team did so well.

Of all the specialists in the world, there probably are not two that have as wide an experience in the treatment of women's diseases as Dr. R. V. Pierce, chief consulting physician to the Invalida' Hotel and Surgical Institute, at Buffalo, N. V. With the assistance of his staff of able physicians, be has prescribed, in the past thirty years, for many thousands of women. Dr. Pierce is pre-eminently a sympathetic physician. Perhaps more than any other man in the profession he realizes the hardships of woman's work, and the disadvantages under which she labors because of the feminine organism. His immense practice in diseases peculiar to women forced upon his recognition the fact that women would never take the proper care of their health, so long as that care required the repugnant "examinations" and "local treatments" insisted upon by nearly all physicians. After yeary of study he invented a remedy now known as Dr. Pierce's Favorite Prescription that is an absolute and unfailing cure for the most complicated my obstainate cases of diseases peculiar to women. This wonderful medicine cures in the privacy of the home, and does away with the necessity for ohonoxious "local treatment." It imparts health, strength, vigor and elasticity to the organs distinctly feminine and fits for wifebood and mother binding, to cents extra.
